AIRTRAN AIRWAYS #1 IN ON TIME PERFORMANCE AT BRANSON AIRPORT
Branson Also Takes Divisional “Top Station” Award

BRANSON, MISSOURI – Branson Airport recently won AirTran Airways’ Top Station Competition for their division, and placed first system wide for On Time Departure Performance.

In this goal-oriented competition, the airport competed based on Turn Time Performance, or when an aircraft arrives late but is “turned” and departs on time, in On Time Departure Performance, or keeping departures on schedule and in Missed Bag Goals, making sure bags arrive with their passengers.

“While the prize is yet to be announced, bragging rights are enough of a reward,” stated commercial services manager, Sharon Morris. “We went into this with determination to better serve our passengers, but it’s such an honor to know that we finished first in August. It was a great team effort.”

This summer, the Branson Airport team was consistently ranked high in the above AirTran Airway’s categories. In August, they ranked first in AirTran Airways’ system wide On Time Departure Performance category.

About Branson Airport: Opening its doors May of 2009, Branson Airport LLC is the first privately developed and operated commercial service airport in the United States. Currently serviced by AirTran Airways, Frontier Airlines and Branson AirExpress; additional carriers and destinations are on the horizon. Located in the heart of the Ozarks and centrally located in the Midwest, the airport also boasts a state of the art FBO, Branson JetCenter and a full service travel agency and public charter operator, FlyBranson Travel LLC d/b/a Branson AirExpress. For more information on Branson Airport LLC and any of its subsidiaries please visit FlyBranson.com.
